Seven Are Injured As Accidents Mar Holiday In Region

Thirteen Accidents In Area As Three Are Held As Drunks

Seven people were injured, four seriously, in the three injury vehicle accidents which marred the holiday weekend in this area, the California Highway Patrol reported.

The record for the weekend, extending from last Friday noon to 6 a. m. Tuesday, showed 13 accidents, three resulting in injuries to the seven people and the other ten, property damage.

Officers of the patrol issued 140 moving violation citations, three for drunk driving and one driver in an injury accident was reported to have been drinking.

The reporting area extends from Kingvale to the Nevada State line and north to the Sierra County line and south to El Dorado County.

One of non-injury accidents was rather spectacular. Daniel G. Goeschl of Reno, employed at a service station at Meeks Bay was towing a car when the towed vehicle got out of control at the midway bridge on Highway 89 and pulled the drive car off the grade into the Truckee river.

Both vehicles were down some 40 feet, but the driver, alone at the time, was not injured, the patrol reported.

TWO INJURED

Mrs. Kathrine Harris, 51, Ruby Valley, Nevada, and Mrs. R. L. Harris, 40, Yuba City, suffered minor injuries Friday at 11 a. m. when three cars, driven by Justin F. Jensen, 48, Ogden, Utah, Roy E. Harris, Ruby Valley, Nevada, and John Harper, 58, Texas, were involved in a rearend collision near Norden. All cars were traveling east in a heavy line of traffic when the first stopped and was hit in the rear by the other two.

JOSEPH HURT

George Raymond Hanson, 40, Redwood City was cited for drunk driving after his pickup crashed into the rear of a car driven by Richard Joseph, owner of Gateway Shopping Center, which had stopped at the stop sign before going on to the freeway near Donner Monument.

The accident occurred Monday night and Joseph, who was accompanied by his sister, Mrs. James McIver, suffered minor injuries.

SERIOUSLY HURT

Critically injured Sunday afternoon at 1:30 o'clock two miles east of Boca were Chikahei Kawasaki, 72, and his wife, Iku, 63. Both of San Francisco. Also seriously injured and in the Tahoe Forest Hospital are Sansuki Takeda, 76, and his wife, Yascona, 75, also of San Francisco.

The driver, Kawasaki told investigating officers he did not know what happened but apparently fell asleep and drove off the roadway. The car was demolished. The party had spent the night in Reno and were returning home when the accident occurred.

Mr. and Mrs. Rand Rockwell of Tahoe City welcomed their daughter Jane Torrie, July 5.

Mr. and Mrs. Frank Meyer also became the parents of a daughter July 5, whose arrival weight was 7 pounds, 8 ounces and who has been given the names of Sherry Lee.

Mr. and Mrs. Conrad Flattum of Tahoe Vista greeted their daughter July 6 and chose the names of Margaret Josephine. The little girl tipped the scales at 7 pounds, 12½ ounces.

THEFT ON SUMMIT IS BEING INVESTIGATED

SODA SPRINGS—Sheriff's deputies are continuing their investigation into the theft of $745 from the safe at Donner Summit Lodge sometime Sunday morning.

Clyde Burkey, one of the owners, told Deputy Robert Schooley that the office was not occupied for a short time and it is believed the thief entered, took the cash from a strong box and walked out. Nothing else in the office was disturbed.

Lost Wallet—

Joseph Marin returned Saturday from a trip to Los Angeles where he had the misfortune to lose his wallet.

Vacationing—

Henry Sammet of Berkeley is staying at Meadow Park while vacationing from his teaching position in the bay city.

King Fined $500 In Court In Accident Death Of Woman

Frank Wayne King, 32, was sentenced to serve 105 days in the county jail or pay a $525 fine following his plea of guilty to a manslaughter charge. King paid the fine.

King had been tried on a manslaughter charge growing out of the death of Darlene Ward, 23, of San Francisco in an automobile collision near Donner Lake on November 25.

In his first trial before Judge F. W. Wilson, King was released because of lack of evidence but was retried after new evidence was submitted and pleaded guilty in the superior court to the misdemeanor manslaughter count.

Tahoe May Reach Record Low Level

Lake Tahoe undoubtedly will reach its lowest level in the last 10 years during the current water year, experts noted, emphasizing that the 1960 maximum lake level was only 6226.29 above sea level.

The lake, which is the principal upstream storage reservoir for the Truckee River, reached its 1960 high on June 15-16. Its maximum was nearly two feet below the 1959 maximum level, 6228.13 feet above sea level on June 8 and 9.

At the end of 1959, the lake level has lowered to the neighborhood of 6225, uncovering shoreline that hadn't been seen in years. The 1959 level was the lowest since 1955 when the level dropped to 6224.76.

Similar lows were recorded at the lake in 1958, 6224.78 and in 1947, 6225.63.

During the severe drouth years of the 1930s the lake level dropped below the 6223 rim and pumps were used to carry water from the lake to the Truckee River.

The level sank to 6222.02 in 1931 and 6222.36 in 1935.

Arthur Frodenburg, cooperative weather observer for the U. S. Department of Commerce, and gate tender for the Truckee Carson Irrigation District, said the lake level July 2 was 6226.17, as compared with 6228.02 on the same date last year.

Thus if the normal withdrawals and evaporation losses are experienced this year, a 1960 low on the dry side of 6224 feet above sea level appears a certainty, in the opinion of most experts.

New Postoffice Is Slated In Tahoe City By January 1

Office To Be Located In New Safeway Store At Lake

TAHOE CITY — Senator Thomas H. Kuchel has been advised by Postmaster General Arthur E. Summerfield that a contract has been signed for the construction and lease to the post office department of a new building for the Tahoe City Post Office.

The successful bidder on the lease was Safeway Stores, Inc., Sacramento, California. Ground breaking and construction of the new post office is expected to begin immediately, with completion scheduled about January 1, 1961. The lease will run for ten years with two five-year renewal options.

The modern new postal building will be located in the Safeway shopping center. It will provide 3,600 sq. ft. of interior space, a 320 sq. ft. loading platform, and 2,050 sq. ft of hard-surfaced space for parking and truck maneuvering. specifications call for new modern lighting and equipment, including a low, open patron-service counter.

Postmaster General Summerfield said, "This new facility will be another important step in the post office department's modernization program which was authorized in the last session of the congress with the assistance of Senator Kuchel. The program is making significant improvements in postal services for the public by providing new buildings and equipment, designed for efficient and economical mail-handling."

The postmaster general said that "Under the post office department's commercial leasing program, the department is now awarding contracts for new postal facilities at the accelerated rate of over five buildings every working day. To achieve complete modernization of the postal plant, a total of 12,000 post offices must be modernized or replaced due to lack of space and obsolescence."

SUNBEAMS

By WALTER M. BARRETT

A lot of credit is due the Donner Lake Fire Department and its auxiliary for sponsoring and putting on the annual outboard regatta which is coming up this weekend. This event not only attracts thousands of visitors to the area, but brings wide and favorable publicity. It is no small task for this group to arrange and conduct the races each year and they are entitled to a big hand for their efforts. Each year the show gets bigger and better and it is entirely through the efforts of the firemen and their auxiliary that this is made possible.

Speaking of Donner Lake, we would like to issue a warning to speed boat operators of the laws governing these boats. Even a casual observer can detect violations quite frequently as boats zoom too close to bathers or smaller craft on the lake. Laws recently were enacted to protect swimmers and small boat operators from possible injuries by the bigger and more powerful boats and officers have been instructed to enforce these laws. Common sense should be practiced, regardless of the law, if tragedy is to be averted. Swimmers and small boat operators have every right to enjoy the pleasure afforded on the lake and should not have to be constantly on the alert to avoid being run down or swamped by some careless speeder.

Old Days Recalled In Naming Incline Village At Tahoe

History Shows New Site At Tahoe Was Once A Busy Town

CRYSTAL BAY—An 80-year-old chapter of Lake Tahoe history will be revived with the selection of the name "Incline Village" for the new exclusive residential community being developed on Tahoe's north shore by Crystal Bay Development Co.

The original Incline was a village of loggers and their families during the late 1880's, and the center of a 100,000-acre lumbering empire which supplied mine timbers and cord-wood fuel to the booming Comstock Lode at Virginia City.

Announcement of the decision to revive the historic old name was made by Raymond M. Smith, vice president of the Crystal Bay company in charge of planning and development.

The new Incline Village is likely to outstrip its predecessor, however, since seven subdivisions within the area already have been given tentative plat approval by the Regional Planning Commisison of Washoe County, and estate type residential zoning has been established for an even greater area. In addition extensive engineering surveys are under way preliminary to development of water supplies and sewage disposal facilities for a complete new town development.

The site of old Incline is covered by a new forest covering the 9,000 acre expanse. Surveyors laying out the modern Nevada development have, however, run across fragments of the old settlement. Some of the ruins may prove to be parts of the world famous incline tramway from which the area got its name; others are long abandoned log cabin sites, and still rotting

Donner Zoning To Be Meet Subject

A legal notice of hearing on another page of the Sierra Sun today gives complete details of the proposed rezoning of the Donner Lake area.

The Nevada County Planning Commission will hold public hearings on the matter on two different dates. The first will be held in the supervisors' room of the court house at Nevada City at 7:30 p. m. July 11 and the second at 7:30 p. m. on July 25.

Everyone interested in the rezoning is invited to attend the meetings.

Emigrant Way Will Be Renamed After Board's Resolution

Through a resolution by the Nevada County Board of Supervisors last Friday, Truckee's controversial Emigrant Way became Truckee-Donner Lake Boulevard.

Emigrant way was the name chosen when the state division of highways asked for a designation of old Highway 40, since replaced by a four-lane freeway, between Truckee and Donner Lake.

The name did not meet with approval and a petition signed by some 200 residents was presented to the board recently asking that the new name be given the road. It was held that Emigrant Way did not appropriately designate the route.

The division of highways will be petitioned to resign the road with the new name as soon as possible.

Tighter Laws For Trailers Proposed

AUBURN—A special committee of county officials has recommended to the board of supervisors a new trailer ordinance be written and a zoning administrator's position be established to enforce the measure.

The committee, appointed by the supervisors, was organized to consider amendments to existing ordinances in a move to tighten up on the issuance of permits and enforcement of trailer regulations.

Recommendations include:

1. A new trailer ordinance be written, combining the two existing ordinances and based on most of the provisions in the Sacramento County Ordinance 590 dealing with trailers.

2. Establish a zoning administrator's position for investigating and enforcing all county ordinances pertaining to zoning, land use and development throughout the county. The position could be located in the public works department, sheriff's office or planning department.

3. All exceptions for approval of individual trailer permits be removed from an ordinance which amends zoning ordinance dealing with the precisely zoned areas of Lake Tahoe.

The committee agreed many exceptions of individual trailer permits have been granted on a hardship basis, making policing activity difficult.

SMITH SENTENCE IS DELAYED BY COURT

Although admitting that he owes various insurance companies, for which he acted as agent, $23,167, C. Z. Smith, well known Truckee resident, denies any criminal intent and protests that he planned to reimburse the companies if given the opportunity.

Last week Smith entered a plea of guilty in the superior court at Nevada City to a charge of grand theft and date for sentencing was delayed pending a probation request hearing.

Smith recently sold his business here, with $15,000 going to make up reported shortages to the companies.

An audit of his accounts some time ago revealed shortages, but Smith said he admitted to these and asked for time to make good the delinquencies. This, he said, was denied and the insurance commission asked District Attorney Harold Berliner to bring the charges.

It is the second time in eleven years that the regional championships have been held at Donner Lake and the third year for the firemen of the Donner Lake Volunteer Fire Department to sponsor these exciting races.
races.

The excellent race course and pit area provided at Donner Lake has made the Donner Lake Regatta a favorite for the NCOA racers for many years. Because of the altitude and other facilities the course has proved a challenge that is welcomed by many of the top flight competitors in this part of the country. Drivers last year journeyed to Donner Lake from as far as San Diego on the south and northern Oregon on the north. Between 90 and 100 entries are expected for these races Sunday.

Some of the outstanding early entries will be:

Janet Herrick of Sacramento is taking up where her famous sister Julie left off and is setting the B Racing Hydroplane class afire this year. Julie who is now Julie Sorensen is NCOA Hi-point holder in this class and now resides in Missoula, Montana.

Bob Pearce of Hayward, is representing the A Racing Hydros. Pearce was last year's "Rookie of the Year" for the NCOA.

Al Brooks, Jr., of Stockton, veteran F Racing Runabout and F Racing Hydro driver.

From the northern end of the state, Redding, will be A. K. Nicolet, who at the present time is leading the competition in the C Racing Hydro.

Johnny Naves of Sacramento, high point winner for NCOA, national high point winner in C Service Hydro, and regional champion last year.

Ray Signorello of San Francisco is in the C Hydro classes.

Les Morton of Woodland is racing a C Racing Runabout.

The races will be conducted by the Northern California Outboard Association and sanctioned by the American Power Boat Association. The firemen at Donner Lake are proud to bring these exciting championship races to this area area and thousands of people are expected again this year as in the past.

On Saturday, the firemen have planned a dance to be held at Donner Lake Lodge, starting at 9 p. m. Before the dance, a delicious barbecue will be served at the west end of Donner Lake from 4 p. m. until 7 p. m. The barbecue will be $1.75 for adults and 75 cents for children This event is sponsored by the Ladies Auxiliary of the Donner Lake Volunteer Fire Department, your barbecue ticket entitles you to admission to the beach Saturday. The grand and glorious fireworks display by the Tahoe City Volunteer Fire Department Sunday was a fitting salute to the new 50-star flag. The bumper-to-bumper traffic during the weekend attests that Tahoe's a top attraction for tourists and vacationers.

* * *

The Greenstones of San Francisco, Mrs. Mae Dohrmann; Ed McDonnel; Lefty O'Doul, Ernest and Louis Newman of Newman, and Judge Clarence G. Galston are at Tahoe Tavern.

DONNER DOINGS

By VIRGINIA O'BEAR

Hundreds of people were at the west end of Donner Lake over the weekend and seemed to have an enjoyable holiday, picnicking, swimming, boating and water skiing. I also saw some skindivers taking off for the deep and I wonder if they found anything exciting down under. It was a crowd similar to Coney Island and all you could see were beach umbrellas, blankets and towels spread on the beach and sandy, wet children running here and there while their parents tried to get in a little rest and sunshine. It was ideal weather and seemed to be an enjoyable 4th of July for all.

* * *

Mr. and Mrs. Richard Walker had an enjoyable weekend taking Mr. and Mrs. Andrew Wenta of Salt Lake City, Utah to various points of interest. The Wentas are former neighbors of the Walkers when all lived in Los Angeles. Also visiting Jean and Dick was Robert Chopin, Dick's uncle.

* * *

Jean Mooney will be spending two weeks at Donner Lake and she is staying at her sister's home here at Donner, the home of the William Murphy's. Jean is the treasurer of the Donner Lake Property Owners Association.

* * *

Mr. L. D. Gardner is vacationing at his summer home for a few weeks. He informed me that he thinks the Donner Lake Volunteer Fire Department is doing a wonderful job and have been quite progressive since forming the department three years ago. Mr. Gardner is a former fireman.

* * *

Mr. and Mrs. Frank Lang were up over the weekend with their family and friends from San Francisco. The Langs are the parents of Paula Quist.

* * *

Miss Geraldine Webb spent a week here at Donner Lake recovering from eye surgery and visiting with brother John who is working at the Donner Lake Coffee Shop. Geraldine returned to her home in Los Altos this week for further treatment and may return for the rest of the summer if everything goes well.

* * *

Mr. and Mrs. William McMichael of Santa Rosa are at Donner Lake for a week and have been traveling to Virginia City, Carson City and many scenic points of interest. Before returning home they expect to get in some fishing at Donner Lake.

* * *

The Donner Lake Property Owners Association held a very interesting meeting at the beach July 3 and at that time elected new officers for the year. George Dirks was voted in for president, first vice president is Thomas C. Mickel, second vice president is Carl Purdy. Secretary is Mrs. Wayne Ross and treasurer is Jean Mooney. Many topics were discussed concerning the beach and its operation. A vast improvement has been made at the beach and the members can be proud of their hard work.

* * *

Last Friday, Dollie Harris chaperoned Miss Donner Lake, Joanne Pomin, along with Jan Ambler, Shirnell Hansen and Donna Barnes to Sacramento to appear on Channel 3, TV KCRA. I went along with the group and we managed to get in a plug for the Donner Lake Regatta as well as the barbecue and the firemen's ball. This week the girls along with Dollie and myself will appear on the Betty MacIntyre Show to tell more about the regatta and the weekend events. Also scheduled for this Saturday will be an interview at Donner Lake Lodge when Bob Clark from Radio KBET will meet with boat racers, firemen, auxiliary members and Miss Donner Lake in regards to the weekend activities. The boat races will be broadcast over this radio station and will be announced through public service all this week. A taped interview will be on the "Coffee Time" show from Reno, so looks like we have good coverage this year. Don't forget to join in with the firemen and have a ball this weekend. The barbecue is from 4 to 7 p. m. and the dance starts at 9 with live music on Saturday. On Sunday the exciting races start at 10 a. m. so get there early and get a good place to see everything. Take along a folding beach chair in case you get tired standing but for the life of me I can't see how anyone can sit with all the excitement going on.

NEW PASTOR AT LAKE WELCOMED AT MEET

KINGS BEACH—Wee Kirk of the Pines Community Church at Kings Beach received their new pastor for the ensuing church year last Sunday.

Rev. Herman Holler his wife and three children will move into the parsonage Wednesday. They come from Newcastle where he has held a joint pastorate with Penryn the past two years.

About 100 met at the church Sunday afternoon for the annual "smorgasbord" and to greet them. He comes very highly recommended from the district superintendent and was very impressed with the church here, its members and its possibilities. Those who were unable to attend last Sunday are requested to get acquainted with this fine family very soon.

SAN FRANCISCO MAN WINS SKIING EVENT

SQUAW VALLEY — Tom Corcoran, United States Olympic skier of San Francisco and Vermont, took top honors in the all slalom mid summer ski derby sponsored by the Squaw Valley Club.

Corcoran, a member of the 1960 team which competed in the valley last winter, twisted through 14 gates on the 320 meter course in 24.4 seconds to win the men's class A event.

Hans Osterud of Tahoe City, won the men's class B title with a 27 second run on waist deep snow in Siberia Bowl. The class C winner was Peter Stagnola, Tahoe City, with 27.4 seconds.

In the women's division, Roberta Waterston of New Hampshire won the class A title with 28.2 seconds and Margaret Ann Marillac of Squaw Valley took class C with 34.5. There was no class B.

Squaw Peak number two lift carried 200 spectators to the 9,000 foot level to watch 25 entrants in the contest.

St. Peter's Church in Rome, world's largest, was dedicated in 1626.

Retail trade ranks third in number of employes and fourth in total payrolls in San Francisco.

THEY'RE FINANCING
CALIFORNIA SCHOOLS
IN HARTFORD

Last month, in Hartford, Connecticut, a casualty insurance company analyst recommended that his company purchase $1,000,000 of California school bonds. His confidence in the future of California and its municipal bonds is reflected in his recommendation. The insurance company investment officer confirmed this confidence by purchasing the bonds, thereby helping to provide for our rapidly growing school building and improvement program.

This is but one of many examples of out-of-state investors financing our huge public improvement demand in California, which has been repeated by insurance companies, banks, trust companies and other investors in New York, Chicago, Cleveland, Baltimore, Denver, and many other communities throughout our country.

This type of nation-wide municipal bond financing is being accomplished by Bank of America municipal underwriting groups who bid competitively to buy and resell California municipal bonds throughout the United States.

Everyday, more and more institutional investors all over the United States are investing in the future of your state. Have you considered California municipal bonds as a tax exempt investment?

We will be pleased to discuss California bonds with you. *Contact us through your nearby Bank of America branch, or call us direct in San Francisco.*

DONNER SUMMIT NEWS

By LLOYD W. GAY

SKI SHOP

Winter sports visitors at the Sugar Bowl will benefit from the services of a new ski shop now under construction for the coming season. The shop will be under the direction of Bill and Helen Klein. Bill, a noted ski instructor, formerly operated his own ski school.

SUMMER HOME

Reconstruction of the Mortimer Fleischhacker home at the Sugar Bowl resort is now underway following the disastrous fire which swept the spacious residence last winter.

HAWAIIAN ASSIGNMENT

Forester Paul Duffy and his wife Dolores, bride of a week, spent three days at the Central Sierra Snow Laboratory studying soil moisture research methods. Duffy, a recent master of science graduate of the University of Michigan, has joined the water research staff of the Pacific Southwest Forest Experiment Station and has been assigned to Honolulu to study problems of soil moisture movement under Hawaiian forests.

ROYAL GORGE

A weekend fishing trip to the Royal Gorge of the American River's North Fork provided two limits of fine rainbows for Bob Ziemer and Dale Thornton of the Snow Lab. This portion of the American River must be ranked among California's finest trout streams, and will undoubtedly remain in this class as long as access is restricted to a six mile hike over a rough trail.

OAKLAND SKI CLUB

While camped on the American River this past weekend, it was my pleasure to met and visit with fishermen Ray McDown, Henry Mockel, and Norman Brown of Oakland, all three being past presidents of the Oakland Ski Club whose lodge is located near the summit. Henry, who has a summer cabin on Donner Lake, is a past director of the Far West Ski Association, and is secretary of the Northern California Winter Sports Writers Association. Their party found no difficulty in obtaining limits of rainbows averaging twelve inches, and also brought out two rattlesnake "rattles."

BARBECUE SUCCESS

The Independence Day free barbecue staged by George Ganglier and Clyde Burkey of the Donner Summit Lodge proved again to be a huge success with local residents as George estimated that he served over one hundred and fifty plates of barbecue. Badminton and horseshoes occupied the children while their parents enjoyed the food and the visiting.

SUMMER EMPLOYMENT

Rowtons Chevron Service Station at Soda Springs is benefiting from the service of Bobby Forster of Soda Springs and Phillip Post of Fair Oaks for the summer. Phillip is spending the summer with his brother-in-law, Bill Cole, foreman at the Snow Lab, and will be a senior at San Juan High School in Fair Oaks next year. The coffee shop at the Soda Springs Hotel is employing Suzy Allen of the Sierra Lake Club, and Nancy Williamson of Soda Springs. Suzy will be a senior at El Camino High School in Sacramento this coming year. Nancy has just completed her freshman year at Sierra Junior College in Auburn. Nancy's brother Carl has also completed his freshman year at Sierra JC and is working in San Jose in preparation for attending Sacramento State College this coming year. Younger brother Mitchel Williamson is working on the Truckee High School, and also plans to attend Sacramento State this fall. Two new forestry aides at the Snow Lab are Tom Coleman, a spring graduate of George Washington High School in San Francisco, and Don Biagi, also a spring graduate, but from Albany High School. Tom plans to attend St. John's University, Annapolis, Maryland. Don, whose father is with the University of California, is a triple letterman in football, basketball and track, and will study forestry at the University of Idaho this fall under a football scholarship.

It is very gratifying and reassuring to see these fine young people either from or in our community seeking gainful employment which stand them in good stead in later years.

VALLEY WEDDING

A well know area skier, Linda Lucote, who has spent many winters with her aunt in Soda Springs, Barbara Zorich of the Zorich Ski Shop, was married in a formal wedding in Sacramento recently. Barbara's daughter Debbie was the flower girl, and young Tommy Zorich was the ring bearer in the impressive ceremony.

HOLIDAY

The Lyddanes, vince and Olga, have returned from a weekend at Lake Pillsbury in Lake County, spent with friends from Sausalito and Redwood City.

VACATION

Mrs. Marian Allyn has returned to the area after a two week vacation in Sleepy Hollow.

UNION CONVENTION

Mr. and Mrs. Harvey Loder of Norden have just returned from a three week trip to Chicago where Harvey represented the local Railroad Telegrapher's Union at the national convention. They were also able to spend a short time with Mrs. Loders parents in New York.

SINGLE CAR MISHAPS FREQUENT IN STATE

Single car crashes in which the automobile ran off the roadway and overturned or struck some other object accounted for 28.4 per cent of all fatal traffic accidents in California last year, reports the California Highway Patrol.

Patrol Commissioner Bradford M. Crittenden said there were 871 single car accidents in which 983 persons were killed. One-fourth of them occurred during the three-hour period from 1 a. m. until 4 a. m.

"Four out of five of these accidents happened outside of cities and were investigated by the California Highway Patrol," Critenden continued, "the information we gathered indicates one or more of three factors — too much speed, drinking, and sleepiness — contributed to almost all of them.

"This is definitely a kind of accident that the individual motorist can prevent. The answer lies partly in reducing speed not only to within the legal limit but also to the speed at which the driver can keep his car under control. In addition, no person should continue to drive when his reflexes are slowed by too much alcoholic beverage or just normal sleepiness."

ANOTHER WEDDING

On Saturday July 1 a pretty wedding was solemnized at our home when Thomas Charles Lunschen took as his bride Patsy Jean Wachter of Los Angeles. Adeline Gunkle and Midge Enessy were witnesses to this smart affair. Lots of happiness to this happy couple.

OVER THE WEEKEND

Karen and Chuck Thomas, daughter and son-in-law of Mr. and Mrs. Hugh Johnson, arrived as their parents left for Oakland. Also Trent Anderson and his wife are at Kings Beach for a week. They are from Tucson, Arizona.

SIGNS

Have you seen the beautiful signs that Harry Johanson is carving and painting. They are wonderful. Stop and see them at his home in Tahoe City.

THE GLORIOUS FOURTH

Rose Lilleberg, a good neighbor of ours, has spent a few days here and brought eight guests to enjoy the lake.

They will return to their homes in San Rafael Monday night.

It was a wonderful sight to see them when they all came over to circle our flag pole and pledge Allegiance to the Flag, in honor of the Fourth of July.

FIRE

There was quite a scare a few days ago in Brockway area; but happily it was handled in their usual manner by the North Tahoe Fire Control. Congratulations to all of those who participated in the good work.

OFF THE HIGHWAY

Paul McMillan of the P and G Market, and his wife Grace, have hard topped a strip between their store and the liquor store and in the rear.

LIONS CLUB

It was a great sight at the Crystal Bay Club when the officers were installed. Those taking over were Connie Wainscote, President; First Vice President, E. Howard; Secretary, Art Mueler; Treasurer, J. D. Ashton; Lion Tamer, Carl Brooks; Tail Twister, Frank Lance; Director, Ernie Crawford and Walt Mandeville.

Over a hundred attended. Thirty from the South Shore Club.

The entertainment at the affair was really wonderful. Dancing by a group of sweet girls. Mountain music, Debbie Brand, granddaughter of the Culbertsons. Others were Buddy Hollingshead, toe dance by Charon McHenry, novelty ballet by Debbie Brand. Cha Cha beat by Debbie Brand, Russian Sweethearts, Debbie Brand and Buddy Hollingshead; from the Hudley Dance School of Barstow.

DEVELOPMENT WILL START IN LAKE AREA

LAKE TAHOE—Developers of the $25,000,000, 9,000-acre Incline Valley, last of the lake area's waterfrontage sites, said this week they will "proceed immediately" with plans and engineering for homesites.

Officials of Crystal Bay Development Company said completion of planning and engineering will be followed by active soliciting of "any and all" Nevada and California real estate brokers. The company won't have an exclusive sales representative.

The heavily timbered, fourteen and a half square mile valley west of Mount Rose, was purchased June 3 from a syndicate of Oklahoma, Kansas and Hawaiian businessmen.

Crystal Bay Development Company is headed by Arthur L. Wood, president, of Reno.

REALTY BOARD HEARS DEVELOPMENT PLANS

CRYSTAL BAY — The Tahoe Sierra Realty Board held its regular meeting at Crystal Bay Club June 29, with 120 attending.

Due to the fact that the Crystal Bay Development Company, developers of the new and outstanding Incline Village near Crystal Bay, volunteered to be hosts at this meeting, all brokers, salesmen and their wives were invited to attend.

After dinner, several speakers from the development company explained the vast project and invited the North Tahoe realtors and brokers to work on the deal.

Arthur Woods, president of the new $25,000,000 corporation, first gave a talk and explained the whys and wherefors of the project. He was followed by Dave Heath, the sales manager, who explained the sales program. Raymond Smith, who planned and laid out the extensive project, explained in detail the various classifications and problems to be solved in preparing for a new community of 50,000 people, which the 9,000 acres will accommodate.

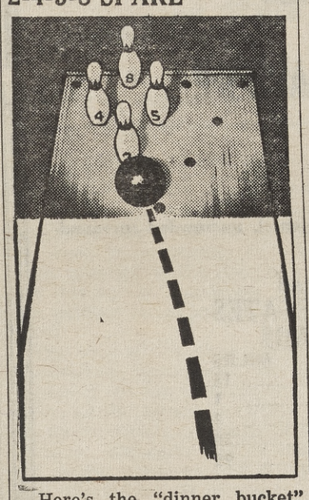
The final number on the program was presented by M. H. Dodd of the M. H. Dodd Company, who recently returned from Hawaii, with some excellent colored film of the last volcanic eruption of Kilauea on the Island.

The chapel at Fort Ross was the first Orthodox church building in the United States, other than those in Alaska.

STRIKES & SPARES

BY JOE WILMAN

HIT THE 2-5 POCKET SOLIDLY FOR THIS 2-4-5-8 SPARE



Here's the "dinner bucket" spare on the left—the 2-4-5-8 leave. Because there are four pins to be knocked down, this is a tough spare. But if you use the proper angle and don't get over-confident, you should be able to turn in this one.

Take your stance on the right side of the approach for this left-side spare. Face a bit more to the left than usual so your ball will angle a bit more to the left. Angle your ball across the lane and into the 2-5 pocket solidly, just as the picture shows.

You must hit the 2-5 pocket solidly in order to let the ball continue back and into the 8 pin. A light hit in the pocket will see the ball deflect and leave the 8 pin in the rear.

A cross-over hit into the 2-4 pocket is not as good because you then must depend upon pin action to account for the 5 and the 8. By getting your ball into the 2-5 pocket solidly, the ball can strike three of the four pins. That's the surest way to make this spare.

"All this on my account?" says Janet Blair

Us: Well—ah—actually, Miss Blair, we do this on everybody's account.

Janet: You mean there are 59 services available to *everybody* with a Savings Account at Bank of America?

Us: Sure. Everything from cashing a check to financing a swimming pool. And don't forget there's also the extra safety and availability of your funds to be considered.

Janet: That's wonderful! Where else could you get all these extra services except at a bank. I bet you'd even help me if I wanted to replace my furniture, wouldn't you?

Us: I'm sure we could make some sort of arrangement.

Janet: Well that's just fine, because I'd like the piano over there, and then the big table will go under the window and.....

Willie Arnhold's Fish Hook Pond at Tahoma looks enticing in the summer sun and shade. This rustic setting running into wild woodland gives the feeling of stream fishing. The trout were jumping acrobatically and the birds singing lustily when Willie threw in some feed and the fish came swimming toward us. Reminded us of the carp pools in Japan, where fluid colored rainbows form as the scared fish surge forward for breadcrumbs.

HUNGRY FLOODWATERS of the Platte River, Nebraska. U.S. Army helicopter pauses to refuel on the relatively high ground of a road serving as a refueling and refugee disposition point. AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO—(CNS) — While California's gasoline tax revenue has increased during the past couple of years, the increase has not been in proportion to other taxes collected by the state, nor to the increase in population, or in the number of automobiles registered.

The staff of the state board of equalization, concerned in the collection of the tax, is attempting to figure of the answer, according to Harold D. Abbott, in charge of the division. Estmiates must be made for budget purposes, and in addition, the falling off of any tax is the green light for some legislators to consider increases to keep the revenue up to par.

The normal rate of increase for the gas tax has been from five to seven per cent per year, according to Abbott, but last year's was marked by only a three per cent increase. This means millions of dollars in what might be termed revenue loss for the construction of new highways, even though technically, there is no loss if the state never possessed the money.

The most apparent answer to the decrease in gasoline sales is the advent of first, the small foreign cars which to date have captured about ten per cent of the new car market in the United States. Second, the introduction of small cars by the three American leading manufacturers. This introduction, however, cannot be said to have had too much statistical effect on the gas market as yet, as the new domestic cars have not been too long on the market.

Nationally, leaders of the National Highway Users Conference, which is a group of people interested in improving public highways, are disturbed over the lower gas consumption. They predict that if the present trend continues, gas tax revenues will be some $548 million below current estimates, amounting to a federal loss of $217 million besides the balance lost to the states.

Once again, the consumer probably will be caught in the middle. Should his desire for less expensive operations for transportation cause an increase in gasoline taxes, much of the benefit of the small car would be lost. On the other hand, the small car owner, with a automobile weighing a ton, causes less damage to the highways than an average 3,500 pound car.

Thus, the small car invasion is going to create some ticklish problems in the future, whether it be in 1961, or at a subsequent legislature.

And one of the problems might well be the question of an entire revision of the gas tax revenue laws. The entire populace benefits from an excellent system of highways. Yet only the car owner and user of the highways are charged for their construction and maintenance. And while it's hardly conceivable at the present time that too much gas money ever will be collected, there might be a time in the future when this would happen.

The current problem is a serious one in California, in view of the need for road improvement, and the back-log of deficiencies that have been built up with the state's increasing population and vehicle. But it will be difficult to convince people they should economize on the one hand and pay more taxes with the other.

Boys Town in Nebraska was founded by Father Flanagan in December 1917.

INCLINE VILLAGE

Continued from Page 1

timbers appear to remain from the old sawmill.

Lumbering began on the Crystal Bay shore of Lake Tahoe about 1877 by the Sierra Nevada Wood and Lumber Co. owned by Senator W. S. Hobart and General S. H. Marlette, the company had cut and milled 75,000 feet of lumber a day for six years at the Excelsior Mill in Little Valley, Nevada, just east of Tahoe.

Running out of timber there, the two lumber kings acquired more than 100,000 acres of forest on the north shore of Lake Tahoe in Washoe County, and Placer and El Dorado Counties in California. They built a mill in what is now Incline Valley, a railroad around eight miles of the shoreline to Sand Harbor, and boats to raft logs to the railroad.

Then came "the wonder of the world" according to contemporary news accounts—the giant incline tramway which raised logs, timber and cord-wood 1,600 feet to the top of the mountains. From there they floated down water flumes to Lakeview, Nevada, and thence were carried to Virginia City via the famous Virginia and Truckee Railroad.

So renowned did the mammoth "incline" become that railroad excursions were run to Tahoe City, whence special boats took tourists of the day to Crystal Bay to watch the tramway at work.

During the company's history it cut fabulous numbers of trees. Peak of the operation was in 1887, when 12 million feet of timber was sawed at the Incline mill.

With the decline of Virginia City, and having logged over more than 20,000 acres in the Incline area alone, the company began to shut down. By 1893 they were through, and in 1894 moved to new holdings, named Hobart Mills, and still a modest lumbering center.

Since then a new forest has covered the valley, last large undeveloped land on the shore of Lake Tahoe. Crystal Bay Development Co. acquired the 9,000 acres in Incline Valley propery early in June and embarked immediately on plans for the new Incline Village—a modern, carefully designed residential and resort community on Lake Tahoe.

San Francisco's Opera House has a seating capacity of 3,258 persons.

Self-examination and purification of thought are essential to spiritual progress. This is a theme to be dealt with at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "Sacrament" is the Golden Text from Psalms (139:23, 24): "Search me, O God, and know my heart: try me, and know my thoughts: and see if there be any wicked way in me, and lead me in the way of everlasting."

Citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include (8:28-30): "We should examine ourselves and learn what is the affection and purpose of the heart, for in this way only can we learn what we honestly are."

Scriptural selections will include the following verse: "Create in me a clean heart, O God; and renew a right spirit within me" (Psalms 51:10).

HAWAIIAN REVUE IS ON BAL TABARIN BILL

An all-star Hawaiian Revue takes the entertainment spotlight at the north shore of Lake Tahoe's big Bal Tabarin nevt week when Freddie Baker and His Royal Hawaiian Revue opens Monday, July 11.

The Royal Hawaiian Revue will be making its first appearance in the Lake Tahoe area. Starring in this gay Polynesian musical and comedy pot-pourri is the Hawaiian comedienne, Napau, a jolly, fun-filled native of our 50th state whose direct and earthy approach to humor has titilated stateside audiences from coast to coast.

Backing up Napau is Freddie Baker, master of Hawaiian song. Also featured in the revue is Opie, a young handsome Samoan who delights his audience with a sword and fire dance. Three authentic Hawaiian hula girls of royal blood, Princesses Mohala, Mapuana and Lenana complete the gala Hawaiian Revue sparking the entertainment calendar at the Bal Tabarin, the big-fun club-casino at the north end of Tahoe.

BECHDOLT DEMOTED AT ROTARY SESSION

TAHOE CITY — Bill Bechdolt, president of Tahoe City Rotary Club for the past year, was accused of all the deficiencies of office imaginable at the club demotion luncheon on June 26 at Tahoe Inn, of which he is the manager.

Suspecting the works, Bill appeared in a bathing suit to be ordered by a past president and acting chairman, Basil Kehoe, to sit in a children's swim tank in the center of dining room. For a lunch, Joanne Pomin who won the title of Queen of Donner Lake festivities at a box supper early this summer, presented Bill with his lunch in a huge wooden box in appreciation of his efforts in her behalf. It cost him $2 for tools to open the box that contained minnows and live crawfish which Bill immediately placed in water glasses to the horror of some members and, especially the waitresses.

Probably the most embarrassing moment to the out-going president was when ladies of Rotary, Martha Snyder and Mary Anne Conners appeared and with horrified expresions asked Bill, "Is this the way you welcome us to ladies day luncheon?" Bill replied, "This is no ladies day" and really horrified them with the offer of two of the crawfish. Chairman Basil Kehoe then recalled that there had never been the customary ladies day during Bill Bechdolt's administration as president and he was assessed another fine that brought the total to $17.

During the banter of deficient management, the huge statue of a skier that decorated the Winter Olympic grounds last winter was being unloaded on the dining room terrace with the announcement by the chair that if it was not wanted there, Bill might have it moved elsewhere at his own expense. The club had repaired the statue and had planned to have it mounted on the Tahoe Commons. Special equipment is required for moving.

With the demotion activities over, Bill Bechdolt was presented with the usual gold pin for outgoing presidents and highly commended for the good job he had done as president. After a hearty applause Bill thanked the members and especially the various committees for their help during his term of office.

Twenty-five members, a number of guests and 13 visiting Rotarians filled the dining room to capacity. The visitor farthest from home

PLANS ANNOUNCED FOR LOCAL SERVICE

The Hugh D. Brown Company, Bookkeeping Service and Tax Consultant, owned by Mrs. Hugh D. Brown and daughter Mrs. Patti Day, wish to announce their future plans.

Under the managership of Mrs. Hugh D. Brown the following staff will continue to maintain the personal service and high standards set forth by Mr. Brown: Mr. C. V. Welch, Mrs. Ernest Moscardini, Mrs. Mel Lewis, and Mrs. Maurice McKinney at the main office in Grass Valley. Mrs. Edward McCallen will assist in the new branch office located in the A. B. Cook Building, Bridge and River Streets, Truckee.

Mr. Brown has had a branch office in Truckee the past fifteen years. Recently he made plans to open the new branch office in the business section of Truckee, Calif.

Mr. Hafis Salich, Certified Public Accountant of San Francisco, having a number of clients in the Grass Valley—Nevada City areas, has become affiliated with this office in the capacity of consultations and accounting services. Anyone desiring his special services may make appointments through this office.

Twenty-seven years ago Hugh D. Brown came to Grass Valley as office manager and accountant for the P.G. & E. Company, having served with the same company in the East Bay in the Accounting Department. His strong faith and interest in the Northern Counties of California inspired him to open his own accounting service in Grass Valley two years later. As a young man in Scotland, Mr. Brown's education included original preparation for law. However, during the intervening years of World War I, his interests led him into the accounting field. His excellent basic knowledge of law, taxes and accounting gave him the ability to train and guide his employees into a well organized, efficient staff, working together in the interests of quality and service to his many clients.

A number of years ago Mr. Brown presented weekly radio programs under the auspices of the Grass Valley Chamber of Commerce, giving excerpts of the early histories of Nevada, Sierra and Placer Counties. His stories and materials were personally gathered from residents of these areas during his travels while serving his clients.

Mr. Brown's personal and untiring services to the people of the Northern Counties during the past twenty-five years, his interest and enthusiasm never daunted by the last five years of illness, has been the incentive to his staff to carry on the work to which he so capably and successfully devoted his life.

NEVADA ROOM OPEN AT NEVADA LODGE

The Nevada Room of the Nevada Lodge enjoyed capacity audiences for its summer season opening last weekend.

Highlight of the opening of this popular supper-club at the north end of Tahoe was the outstanding-ing performance by Rowan and Martin, one of the nation's top comedy teams. Their zany antics left most patrons weak with laughter.

Also on the season's opening bill for the Nevada Room were the Edmond Sisters, vocal-comedy group, and Bob Weymouth, the refreshingly-different singing guitarist.

Benjamin Franklin was an accomplished linguist.

LOOK, PAT - SALLY AND I ARE VERY BUSY. IF YOU AND PENNY WANT TO HELP US, YOU CAN SET THE TABLE FOR THE COMPANY TONIGHT.

GO AWAY, SALLY. WE KNOW HOW TO SET THE TABLE.

Later

IT LOOKS VERY NICE. NOW GO AND CLEAN UP BECAUSE THE NEBBS WILL BE HERE ANY MINUTE.

I'M GOING TO JUST BRUSH MYSELF OFF A LITTLE. WE DIDN'T DO ANYTHING TO GET US DIRTY TODAY.

TISSU

GET GOING, PAT. I THINK UNCLE RUDY AND AUNT FANNY JUST CAME.

YOU WERE ALMOST LATE TO THE PARTY, PENNY AND PAT

THAT'S BECAUSE THEY HELPED ME BY SETTING THE TABLE. WILL YOU ALL COME INTO DINNER NOW?

I THINK YOU TWINS MISCOUNTED. YOU DIDN'T GIVE YOUR AUNT FANNY ANY SILVERWARE.

WE DIDN'T THINK SHE NEEDED IT, DADDY, BECAUSE MOM SAID AUNT FANNY EATS LIKE A **HORSE!**
